# CL500 CUT-TO-LENGTH CHOPPER

scan here for video

**For Up To 1 ¼” Metal Banding - Simple to Maintain and Designed for Years of Industrial Use**

**SWEED’s cut-to-length metal banding dispenser is designed to increase strap cutting efficiency and worker safety.**

By automating the strap cutting process workers receive accurately cut pieces of strap which eliminates waste and reduces material cost. Additionally, the CL500 aids in reducing worker injuries from repetitive cutting operations and lacerations that can occur when strapping is manually cut.

Operation of the CL500 is quick and easy: load the spool with steel banding, prefeed the strapping end into the CL500 cutter head, program the length and quantity of required straps, machine turns off automatically at the end of the batch run.

## **CONSTRUCTION FEATURES**

- » Continuous Speed
- » Bi-Directional Cutting Design
- » Accurate Cut Lengths to + or – ¼”
- » Auto Shut-Off at Batch End
- » Non-Jamming Design
- » Made and supported in the USA
- » One year warranty
