

# GIANT HOIST

## 25,000 lbs of Heavy-Duty Hydraulic Lift

The **SWEED Giant Hoist**, powered hydraulically, is designed to maintain constant feed height into the dryer tipple feeder. The fast-down feature reduces the downtime spent waiting for a new supply of veneer, allowing for accumulation of the previous veneer charge, eliminating gaps from missed feeds between veneer loads. It features sturdy beam construction, with heavy-duty electrically activated transfer chains capable of indexing up to 25,000 lbs loads.

### CONSTRUCTION FEATURES

- » Designed to maintain constant feed height into dryer feeder
- » Contains “fast-down” feature to reduce downtime waiting for new supply of veneer
- » Optional movable beam to accommodate 4' - 10' veneer lengths
- » Extremely durable with heavy-duty sturdy beam construction
- » Motorized loading chains
- » Comes standard with Rex Planetary Gear Reducer
- » Custom capacities available
- » Quality craftsmanship
- » Designed for easy and efficient maintenance access
- » Made and supported in the USA

### PRODUCT SPECIFICATIONS

<b>Horsepower</b>	5 hp, 1 Limit Switch
<b>Speed</b>	75 FPM
<b>Capacity</b>	25,000 lbs
<b>Material</b>	Any size, species, and moisture content
<b>Air Requirements</b>	N/A
<b>Positioning</b>	N/A
<b>Operators</b>	Automated or 1
<b>Ship Weight</b>	7,250 lbs
